01 The Chairman's Word

“I will share with you the vision and culture of trust, the art of creating and thinking of IWECE because...”

- When we set a goal and we intend to achieve it, we cannot separate them from our Mission, Vision and Values.
- The true entrepreneur is the one who goes to the action of thought and makes things happen.
- Ships are safely anchored in the ports, but weren't created for that.
- Whenever we meet with a successful business, we believe that there was one day a brave decision.
- There is no wrong moment to do the right thing.
- Leaders must understand that they need to manage people, seek their partnerships, build teams, get a sense of timing and a sense of urgency.

01 The Chairman's Word

- There is no wrong moment to do the right things. A victory cannot be achieved without a clear definition of the target and a clear and careful platform of open communication and clear strategy.
- The best moments in life should be created or recreated. It is pointless to sit and wait for them.
- The results come from the opportunities created and not the opposite.
- The paths for victory are more agreeable than the defeat, but not less difficult.
- The more we believe in our goals, the faster we will achieve them.
- Our responses to customer needs are generated by our ability to generate unique solutions, innovative, attractive and beyond expectations.
- Trust is an essential element for success. When trust goes up, the speed of implementation and the results increase and costs decrease. And, at the opposite, the speed of the actions decline and the costs increase.
- We are a continuing challenge to the best practices and at the same time we are this certain!
- To create the possible, we should attempt the impossible.”

Regards,
Afiyah Salem A Ghazwani
Chairman/ CEO

Company Overview

Illuminated Wires Establishment for General Contracting (IWECEC) & Trading is a Saudi local organization established under Commercial Registration No. 40305855033.

IWECEC operates in the field of electromechanical contracting and trading, providing integrated solutions that cover design, supply, execution, testing, and commissioning of MEP systems.

IWECEC is an authorized distributor in the Kingdom of Saudi Arabia for low voltage electrical panels manufactured by EPM, under a comprehensive technical collaboration agreement that includes design, coordination studies, quality control, testing, and commissioning of low voltage distribution switchboards up to 6300A, in addition to Schneider Electric Partner Certification.

With a professional technical team and strong supplier partnerships, IWECEC is committed to delivering reliable, cost-effective, and high-quality solutions tailored to client requirements.

n3

Core Values

- Commitment to quality and international standards
- Technical excellence and engineering accuracy
- Integrity, transparency, and reliability
- Client satisfaction and long-term partnerships
- Timely delivery and cost efficiency
- Continuous improvement and innovation

n4

Project Domains

- Commercial and administrative buildings
- Residential and housing projects
- Industrial facilities
- Infrastructure and street lighting projects
- Public and private sector developments

05 Our Vision

To become a leading electromechanical contracting and trading company in the Kingdom of Saudi Arabia by delivering innovative, reliable, and sustainable engineering solutions.

06 Our Mission

to deliver integrated electromechanical contracting and trading solutions that meet the highest standards of quality, safety, and reliability.

We are committed to providing professional engineering services, cost-effective solutions, timely project delivery, and continuous technical support, while building long-term partnerships based on trust and performance excellence.

Our Goals

Our goals focus on operational excellence and measurable results. We aim to deliver projects efficiently within defined timelines, maintain strict compliance with technical standards and approvals, expand our certified supply portfolio, and enhance internal processes to ensure consistent quality, safety, and client satisfaction across all projects.

Strategic Partnership

Company Profile & Key Services

EPM is a specialized manufacturer of Low Voltage electrical panels, with proven experience since 2016. The company operates modern production facilities exceeding 2,000 sqm and is supported by a highly qualified engineering and technical team. EPM delivers integrated solutions for the design, manufacturing, and testing of LV panels up to 6300A, ensuring high quality, precise execution, and timely delivery across various sectors.

Our Partnership in the Saudi Market

The strategic partnership between our company and EPM plays a key role in strengthening our presence in the Saudi market. Under an official agreement valid until 2027, our company acts as the authorized agent of EPM in Saudi Arabia, enabling the delivery of certified, reliable LV electrical panels that meet local market requirements.

11

Strategic Partnership

Quality Assurance & Industry Standing

EPM is recognized as a certified Panel Builder with a strong reputation in the Egyptian market. Its products comply with international quality and safety standards and are certified by Schneider Electric Saudi Arabia, reinforcing reliability and performance for industrial and commercial projects.
